

## MGuard Steri Pouches Self-Seal 1 BOX - 200

- Wide Triple Seals**  
More secure construction less chance of instrument breaching
- Blue Tinted Laminate**  
Identifies any tears or punctures in the film
- No printing within the sealing area**  
No resistance to steam penetration or ink contamination
- Scour-Lined**  
Ensures accurate, fast seal

**IN-BUILT  
Class 4 Indicators**  
gives superior Sterility  
information on each  
and every pack

**Internal and External  
Class 4 Indicators**

**Corner Tasks**  
Prevents edge roll-up and dust  
contamination

**Medical Grade Paper**  
As per ISO 11607-1

## Steam Monitor SafeCheck Bowie & Dick Test Pack Disposable 54090 1 BOX - 10 TESTS

- Safe Check Bowie Dick Test meets the Australian Guidelines for Infection Protection and Control, AS 5369:2023, ISO 11140-1-4
- Steam Penetration and Removal Test
- To be performed at start of day

NB "Equivalent test devices for Bowie-Dick type tests  
ISO 11140-6:2022 details a reference porous load against which the performance of various alternative porous indicator systems can be compared and verified as being equivalent (in section 4.2.3). Because of this, suitable devices may be marketed as being Bowie-Dick type tests, or as being "equivalent to a Bowie-Dick type test" under the ISO 11140 series of standards, especially Part 3: Class 2 indicator systems for use in the Bowie and Dick type steam penetration test, and Part 4: Class 2 indicators as an alternative to the Bowie and Dick-type test for detection of steam penetration".
